CAMPGROUND RULES, X-DAY LAWS

REGISTRATION: CHECK-IN

If you're reading this, you probably already know that everyone MUST check in with SubGenius Foundation representatives and receive the Electro-Stimulo Negative Reinforcement Bracelet.

14X-Day registration is each day from 1 PM to 5 PM at the Cafe area (after registering with Wisteria and paying your camping fee.)

IMPORTANT — Johnny Law

If it's illegal in the Conspiracy's world, it's still illegal here. Underage drinking, false drugs, and especially assassination are not permitted. Wisteria has its own security, and if you see them patrolling, DO NOT FLIP OUT. If you do need help, you should find a Wisteria staff member or a SubGenius Hierarchite, easily summoned from the office trailers in the center of Wisteria.

The state police may drive through Wisteria. They are probably just looking to buy "Bob" t-shirts. If you don't dance around in front of them being illegal, they will show you the same respect.

FIREWORKS ARE ILLEGAL IN OHIO.

EMERGENCY FIRST AID

Please attempt to handle any minor injuries yourself, but if you feel you need a professional, don't hesitate to ask at Wisteria main office (or any SubGenius Hierarchite carrying a walkie-talkie).

MERCHANTS

Set up anywhere you want as long as it's away from the main structures such as the sacrificial altars and the stage area.

SubGenius Mind Control Experiment #2199, Xist Harvest Point, and/or Rupsture Preparation Training Course

ANNUAL SUBGENIUS MIGRATION to the OHIO BREEDING GROUNDS

WARNING:

All employees of the US Government must present identification to registrar before entering these grounds. All electronic recording devices and weapons must be presented for inspection prior to entry.

US CODE Title 303, Section 1998-Jy5 DHS REGULATION 13013-X

NAKEDITY

Wisteria is a clothing optional campground, although you can't run around naked up by the road and Registration. Most nice looking young people seem to remain clothed. However, you may see the occasional senior going "skyklad." Try not to laugh. This is their ethnic cultural custom. Unlike in many national parks, however, you are allowed to feed the naked seniors.

RANTERS/BANDS

This schedule is malleable. If you want to perform on stage in some manner, there will be a sign-up sheet near the main stage. Those needing amplification or stage time should pester Priestess Pisces regarding best times or spaces to perform in.

VIDEO/AUDIO

If you do NOT want your image to be used in X-Day promotional documentaries, you must inform Rev. Stang or SubGenius Authorities, and also you should lurk unobtrusively in the background. Otherwise it will be assumed that you wont mind being seen in an X-Day documentary. Likewise, you do not need our permission to photograph or videotape an event, but you should exercise common courtesy and make sure the person you're photographing doesn't mind. We reserve the right to destroy the equipment and confiscate the recordings of dipshit mediographers who irritate the staff, performers or audience. That holds true for any type of dipshit.

TRASH

We want the Earth to be pristine when we destroy it. Also, we love to make the pagans look like litterbugs by comparison. Please don't leave cans, bottles, cig butts or 'Frop sticks around. Trash bins are everywhere, and dumpsters are at the Wisteria entrance. Please carry your trash out. We know that the Earth will soon be one gigantic oilslick, but in the meantime we beg your indulgence.

SLACK-BARTER

WE NEED PHYSICAL LABOR HELP and you can earn back your Registration fee by working it off. 3 hours of labor = half your registration; 6 hours gets you all \$30 back. Ask Pisces about such duties.

BULLDADA AUCTION

Bring your Bulldada to sell off in the name of the Church! And be ready to spend money. One SubGenius's hateful unwanted crap is another SubGenius' beloved belabored postmodernist inadvertent camp masterpiece.

NOISE

Most of us are up practically all night, being noisy. If you can't sleep with loud music or drumming going on nearby, you should take SPECIAL CARE to camp far from others. Wisteria has many private, distant, quiet campsites. If you camp close to other camps, DON'T GIVE THEM GRIEF for partying all night long. That's what X-Day at Wisteria is for. The noise isn't their problem, but yours. Move to another spot further in the woods.

SCHEDULE

The greatness that is X-Day lies not in what is planned but what is NOT planned. Anyone can be a participant and performer. It's just that if you're really bad, you might be killed or punished in some worse way. Every tent is a potential orgy, every square inch of dirt a stage. The experienced preachers may be hogging the stage and "live radio" facilities most of the time, but don't hesitate to ask if you can sit in.

We are not yet able to accurately schedule the rainstorm, but when it happens, GO TO THE CAFE or "GREEN MAN" for movie shows.

Helpful Hints:

We can take credit cards for registration and swag, but it is a big hassle and we MUCH prefer cash. There is an ATM at Wisteria. Wisteria also has a nice cafe, a small general store, drinking water, cell phone recharging stations, compost buckets for food scraps, wastewater barrels (for after dishwashing), WiFi, a pay phone for outgoing or collect calls (cell phone reception is iffy), MANY porta-potties (kept very clean), a new shower house with private stalls, and they sell firewood. (Do NOT bring firewood from outside due to invasive bugs.) Use the many communal fire pits; don't dig your own. Bring a campstove if you want to cook. Pets are NOT allowed. Wisteria will probably provide a hand-out with additional rules and suggestions. It is a huge area with many hiking trails. We suggest Athens for shops, laundry, restaurants, motels, etc; it's on 18 miles away and very nice. Pomeroy is... small.

Days at Wisteria MAY be HOT. For men, I, Stang, suggest Lotrimin Powder Spray (miconazole fungus-killer) for "jock itch." I dunno what ladies use. Also, think about bug spray and little electric fans.
