

Christians Believe the Sun and Moon Orbit Around the Flat Earth and Can be Stopped and Reversed in Their Orbits.

Then spake Joshua to the LORD in the day when the LORD delivered up the Amorites before the children of Israel, and he said in the sight of Israel, Sun, stand thou still upon Gibeon; and thou, Moon, in the valley of Ajalon. And the sun stood still, and the moon stayed, until the people had avenged themselves upon their enemies. Is not this written in the book of Jasher? **So the sun stood still in the midst of heaven, and hasted not to go down about a whole day.** Josuah 10:12-13

And Isaiah the prophet cried unto the LORD: and he brought the shadow **ten degrees backward**, by which it had gone down in the dial of Ahaz. 2 Kings 20:11

Behold, I will bring again the shadow of the degrees, which is gone down in the sun dial of Ahaz, ten degrees backward. So **the sun returned ten degrees**, by which degrees it was gone down. Isaiah 38:8

The sun and moon stood still in their habitation: at the light of thine arrows they went, and at the shining of thy glittering spear. Habakkuk 3:11

Chrisitans Believe the Earth is Flat

There are all sorts of Christians in the world. Some are Catholics and some are Protestants. Some go to church and some practice their religion on their own. But all Christians have at least one thing in common: the Bible. What does the Bible have to say about the earth?

The Bible says the earth is a flat disc with four corners (?) resting on a foundation of stone, unmoving and incapable of motion; that the sun and moon revolve around the earth; and that since the earth is flat, you can look at it all at once (unlike a sphere, where you can only see one side at a time). Those sorts of ideas are at odds with most people's thinking, but that's what the Bible says. Why don't Christians change their Bible if it says such foolish things? Because they say the Bible is inspired by god and infaliable.

There are all sorts of Christians in the world, but all of them rely on the Bible as the basis for their religion. So if you want to know what Christians think about the earth, read what the Bible has to say about the earth. It isn't right at all. And if you believe that the earth is a sphere that moves, don't be a Christian.
